JULY 2020

2020 Inter-County Energy scholarship winners

Each year, in a program designed to enhance the education and future careers of deserving rural students, Inter-County Energy offers six \$1,000 scholarships, one in each district, to actively enrolled high school seniors.

This year's winners are Landry Woodrum, Boyle County; Maygan Taylor, Lincoln County; Hanna McQueary, Casey County; Zachary Mullins, Marion County; Emma Warren, Garrard County; and Kobie Wessling, Mercer County.

Applications are carefully reviewed by a panel of judges and selected based on a cumulative scoring system.

Next year, scholarships will be offered to the class of 2021 starting in December. The student's parent or legal guardian must be a member of Inter-County Energy with their primary residence being served by the cooperative.

For information and additional participation requirements or how to apply, contact the Inter-County Energy Member Services Department at (888) 266-7322.

Congratulations to this year's winners!

Landry Woodrum — Boyle County

Maygan Taylor — Lincoln County

Hanna McQueary — Casey County

Zachary Mullins — Marion County

Emma Warren — Garrard County

Kobie Wessling — Mercer County

A Touchstone Energy Cooperative

**AS PRESCRIBED BY THE KENTUCKY PUBLIC SERVICE COMMISSION,
EFFECTIVE FEBRUARY 1, 2020**

Residential

Schedule 1- Farm and Home

Customer Charge: \$15.20 per month
Plus an Energy Charge of: \$0.09267 per kWh

Residential

Schedule 1—Prepay Service

Customer Charge: \$15.20 per month
Plus an Energy Charge of: \$0.09267 per kWh
Prepay Service Fee: \$8.20 per month

Residential

Schedule NM—Net Metering

Customer Charge: \$15.20 per month
Plus an Energy Charge of: \$0.09426 per kWh

Schedule 1-A (Farm and Home- ETS)

\$0.06040 per kWh for all kWh per month

Non-Residential

Schedule 2

Small Commercial and Small Power

0 to 49kW
Customer Charge: \$18.00 per month
Plus an Energy Charge of: \$0.08417 per kWh.
Plus a Demand Charge in excess of 10kW per month:
\$5.85 per kW

Schedule 4

Large Power Rate (LPR)

50 to 499 kW
Customer Charge: \$31.65 per month
Plus an Energy Charge of: \$0.06655 per kWh for all kWh per month.
Plus a Demand Charge of: \$5.85 per kW of billing demand
50 KW or more

Schedule 5

All Electric School Rate

Customer Charge: \$31.65 per month
Plus an Energy Charge of: \$0.08417 per kWh for all kWh per month

Schedule 6—Outdoor Lighting Service—Security Lights

107,800 Lumen Directional Floodlight	\$38.11* per lamp per month
27,500 Lumen Directional Floodlight	\$14.44* per lamp per month
50,000 Lumen Directional Floodlight	\$20.46* per lamp per month
27,500 Lumen Cobra Head Light	\$13.48* per lamp per month
9,550 Lumen Decorative Colonial	\$17.12* per lamp per month
4,000 Lumen Decorative Colonial	\$13.20-* per lamp per month
7,000 Lumen Lamp	\$10.85* per lamp per month
9,500 Lumen Security	\$10.67* per lamp per month
6,000 Lumen Security LED	\$9.63* per lamp per month
Pole charges/Add. Pole required	\$5.61*

*Above prices are for installation on existing poles.

Schedule B-1

Industrial Rate

Customer Charge: \$604.77 per month
500 to 4,999 kW
Plus an Energy Charge of: \$0.04720 per kWh
Plus a Demand Charge of: \$7.17 per kW of contract demand
\$9.98 per kW in excess of contract demand

Schedule B-2

Industrial Rate

Customer Charge: \$1,208.42 per month
5,000 to 9,999 kW
Plus an Energy Charge of: \$0.04160 per kWh
Plus a Demand Charge of: \$7.17 per kW of contract demand
\$9.98 per kW in excess of contract demand

Schedule B-3

Industrial Rate

Customer Charge: \$1,208.42 per month
10,000 kW and higher
Plus an Energy Charge of: \$0.04046 per kWh for all kWh
Plus a Demand Charge of: \$7.17 per kW of contract demand
\$9.98 per kW in excess of contract demand

Schedule C-1

Industrial Rate (kW amounts are the same as Schedule B-1 thru B-3)

Customer Charge: \$604.77 per month
Plus an Energy Charge of: \$0.04762 per kWh for all kWh
Plus a Demand Charge of: \$7.17 per kW of billing demand

Schedule C-2

Industrial Rate

Customer Charge: \$1,208.42 per month
Plus an Energy Charge of: \$0.04197 per kWh for all kWh
Plus a Demand Charge of: \$7.17 per kW of billing demand

Schedule C-3

Industrial Rate

Customer Charge: \$1,208.42 per month
Plus an Energy Charge of: \$0.04084 per kWh for all kWh
Plus a Demand Charge of: \$7.17 per kW of billing demand

FUEL ADJUSTMENT CLAUSE

All rates are applicable to the fuel adjustment clause and may be increased or decreased by an amount per kWh equal to the fuel adjustment amount per kWh as billed by the wholesale power supplier plus an allowance for line losses. The allowance for line losses will not exceed 10% and is based on a 12-month moving average of such losses. The fuel clause is subject to all other applicable provisions as set out in 807 KAR 5:056.

ENVIRONMENTAL COST RECOVERY SURCHARGE

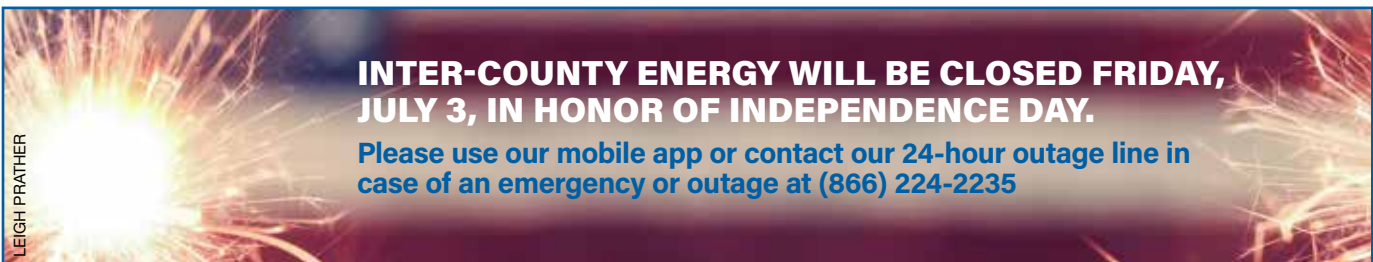

The Environmental Cost Recovery Surcharge will be applicable to all electric rate schedules offered by Inter-County Energy. The monthly billing amount under each of the schedules, to which this mechanism is applicable including the fuel clause, shall be increased or decreased by the amount of the environmental surcharge billed

by East Kentucky Power Cooperative to the distribution cooperative. The pass through mechanism used by East Kentucky Power Cooperative shall be the base/current approach.

ENVIROWATTS

Renewable Resource Power Service—100 kWh Block (Minimum size) or Greater \$0.275 per kWh or \$2.75 per 100 kWh Block. This rate is in addition to the regular retail rate of power and requires a one (1) year contract between the customer and the cooperative.

Standard Rider—This Renewable Resource Power Service is a rider to all currently applicable rate schedules. The purpose of this rider is to provide the consumer with a renewable source of energy that may be considered more environmentally friendly.

IRRIGATION EQUIPMENT SAFETY

By following proper safety precautions, water and electricity can work together to properly hydrate your fields safely this summer.

- Locate electrical disconnects within sight of and within 50 feet of the equipment that turns off the electrical power to equipment.
- Label all switches on the control panel to ensure you can quickly turn off the power if necessary.
- Weatherproof, waterproof and rodent-proof your electrical enclosures/boxes to prevent damage to wires.
- Install electrical grounding hardware like a ground-fault circuit interrupter (GFCI) to prevent electrocution.
- Replace damaged electrical power cords.
- Install protective equipment, like a “jacketed” irrigation cable.
- Practice “lockout/tagout.” Turn the power off and apply a padlock to the controls or switch to indicate someone is working on the system and it cannot be turned back on.

Celebrating independence and cooperation

OUR MISSION

The mission of Inter-County Energy Cooperative is to provide long-term valued electrical energy and services to our members through a culture of safety, accountability, innovation, integrity, and commitment to community.

Though our Independence Day celebrations may look different this year as our communities and our nation stay safe amid coronavirus concerns, it's important to note what has not changed: the core principles and values of Inter-County Energy and the communities we serve.

Cooperatives around the world trace the roots of our Seven Cooperative Principles to the first modern cooperative founded in Rochdale, England, in 1844. These principles are a key reason that electric cooperatives such as Inter-County Energy operate differently from other electric utilities, putting the needs of our consumer-members first.

As we celebrate America's birthday, three of those seven co-op principles ring especially loud and clear:

DEMOCRATIC MEMBER CONTROL

Cooperatives are democratic organizations controlled by their members, who actively participate in setting policies and making decisions. The Inter-County Energy board members are elected from among our membership and are accountable to the membership. Our members have equal voting rights (one member, one vote).

MEMBERS' ECONOMIC PARTICIPATION

Members contribute equitably to, and democratically control, the capital of our cooperative. At least part of that capital remains the common property of the cooperative. Members allocate surpluses for any or all of the following purposes: developing the cooperative; setting up reserves; benefiting members in proportion to

their transactions with the cooperative; and supporting other activities approved by the membership.

AUTONOMY AND INDEPENDENCE

Inter-County Energy is autonomous and controlled by our members. If we enter into agreements with other organizations, including governments, or raise capital from external sources, the terms ensure democratic control as well as our unique identity.

Sixty-eight years before the first modern cooperative, America's founding fathers signed the Declaration of Independence, a moment that we commemorate on the July Fourth holiday.

"And for the support of this Declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our Lives, our Fortunes, and our sacred Honor," reads the last sentence of that revolutionary document.

Now that's a real commitment to cooperation.

Inter-County Energy thanks you, our members, for your continued involvement and support throughout the year.

Happy Fourth of July!

TIM WEBB
